To whomsoever it may concern

Pooja worked for me as my assistant for one year. I recommend her for your entrepreneur program.

While working in commercial production, I often relied on Pooja to put together creative presentations, for which she described and outlined the artistic approach to the project, researching illustrations and photographic reference materials. Her creativity, resourcefulness, and ability to see a project through really made these presentations distinctive and successful.

When we went into production on the commercial, Pooja was able to observe every step of the process, sitting in on meetings and working with people in all areas of the production from the moment the production was set in motion through the release of the commercial.

During this time, she was an effective communicator, often serving as my liaison to scattered members of the crew. She also coordinated projects involving numerous people, and her ability to work collaboratively while guiding the project quickly and effectively was outstanding.

Pooja's sensitivity, diligence, energy, and sense of humor made working with her a joy. I highly recommend her as a welcome addition to the program.

Thanks
Regards
