Standardised Test of English Proficiency

from THE HINDU GROUP

## TO WHOM EVER IT MAY CONCERN

It is our pleasure to write about Padmapriya V. She worked with the STEP team, a part of Hindu Group, in the capacity of a Content Development Intern from 9th May 2017 to 10th July 2017.

In a short time, she has proven to be very valuable to our team. I have been left impressed with her skills and dedication to her work. She is very professional, hardworking and a motivated employee. She demonstrated exceptional proactive behaviour and regularly went above and beyond the task assigned to her.

As an intern in our Editorial Department, Padma had a number of responsibilities and performed exceptionally well in all areas of content development from creating scripts, audio recording for webisodes, to creating items for testing and testing the end products for the content team. She is a great team player and worked well with the other interns to help team members deliver on internal projects and deadlines.

Padma had become a valued member of the team, and I'm confident that she has a successful career ahead of her. We wish her all the best in her future endeavours.

Standardized Test of English Proficiency

from THE HINDU GROUP

TO WHOM EVER IT MAY CONCERN

It is our pleasure to write about Aishwarya S. She worked with the STEP team, a part of The Hindu Group, in the capacity of a Content Development Intern from 9th May 2017 to 1st June 2017.

In a short time, she has proven to be very valuable to our team. I have been left very impressed with her skills and dedication to her work. She is both very bright and quite motivated. She is a quick learner and has shown the ability to digest large volumes of information. She has demonstrated the ability to articulate information and ideas in both verbal and written forms.

As an intern in our Editorial Department, Aishwarya had a number of responsibilities. She performed exceptionally well in all areas of content development from creating scripts and recording for webisodes, to creating items for testing and testing the end products for the content team. She is a great team player and worked well with the other interns to help our team members deliver on internal projects and deadlines.

Aishwarya had become a valued member of the team, and I'm confident that she has a successful career ahead of her. We wish her all the best in her future endeavours.

# REPORT

INTERNSHIP DONE AT SRI RAMACHANDRA MEDICAL COLLEGE from 02-05-2017 to 20-05-2017

## OBSERVATION

1. MEDIA PREPARATION
2. DIAGNOSIS OF DISEASE
3. EQUIPMENTS USED IN CLINICAL MICROBIOLOGY LAB
4. STAINING TECHNIQUES

The internship was very useful. The techniques they use is different from the techniques we do in our lab. They prepare all the stains in a large volume and store it. They keep the lab very sterile and the labs are so cool that was very difficult for me to adjust. I gained good knowledge from the hospital.

## INTRODUCTION

I did internship in Rajiv Gandhi Government General Hospital in the Department of Haematology for a period of one month.

I had a great experience and wide exposure there over the one month. As it was the Government Hospital, the number of patients were more due to which I learned a lot.

In this Department, there are many tests regarding various blood disorders through which we can identify different types of cancer, anemia, etc.

As it was the Department of Haematology, the samples were only blood. Each and every tests are carried out only with the blood samples.
