### **Academic year 2022-2023**

#### **1.4.1 STRUCTURED FEEDBACK ANALYSIS**

A structured feedback system is followed by the College in order to get the opinions from Students, Teachers, Alumni, Parents and Employers on the prescribed curriculum of the College for both UG and PG programmes. The questionnaire is based on an exhaustive set of parameters pertaining to the syllabus.

Some of the parameters are:

- Application oriented curriculum
- Assessments
- Employability skills
- Entrepreneurial skills
- Technical skills
- Research prospects
- Industry & market oriented curriculum
- Gender, Environment & Sustainability
- Global, National & Local relevance

The students, alumni, parents and teaching fraternity responded to the questionnaire and recorded their views, opinions, and observations through Google Forms.

The students expressed the dire need for field visits, experiential learning, and academic flexibility to learn interdisciplinary course content. In addition to the students, even the alumni of the institute were happy and content with the curriculum offered by the College. The alumni observed that the course contents offered were relevant to their job profiles, and appointments, and suitable for future aspirations. The following are the programme wise feedback analysis given by the stakeholders.
