The Detailed Resolutions passed by the Members Present:

- The Programme Specific Objectives (PSO's) and Course Objectives (CO's) for the Humanities Stream were discussed and finalised.
- The evaluation pattern has been updated with Knowledge levels. The evaluation patterns for UG will have K1 to K3. The PG to have K3 to K5. The M.Phil with K5 & K6.
- Project for all programmes will apply K6 level.
- **For Advanced Learners :**
 - Two Self-study papers introduced for Under Graduate Programme viz Behavioural Economics and Gender Economics. The Students can choose anyone which will fetch 2 Credits.
 - Introduction of Internship for UG with one extra credit during II year summer vacation will be for a minimum of 15 days.
 - For UG Programme, Project is included as an optional elective along with Agricultural Economics in Semester VI.
 - The MOOC course for every year will earn credits. The credits for the course will be based on duration 4 weeks-1 credit, 8 weeks-2 credit and 12 weeks-3 credits for both UG and PG Students.
- One of the PG student representatives Miss.Ragavi.T gave a specific suggestion to have Self-Study paper titled "Indian Economic Literature". The members felt that it could be considered during the next revamping of the syllabus in 2021.
- Dr. A. Selvaraju putforth his views that in paper titled "Statistics for Economists" in the III semester Unit I had too many concepts which requires more clarity.
- Dr.S.Chinnammai Stated that in PG Programme the paper titled "Statistics for Economists" in III & IV unit were single lined and thus was asked to elaborate it with more sub headings on the same topic.
- In UG Programme it was suggested to change the title of the NME paper from TNPSC & Training for Competitive Exams to Training for Competitive Examinations.

- More books written by foreign authors on different subjects to be made available for references in order to familiarise the students to the different books.
- Dr.A.Selvaraju and Dr.S.Chinnammai expressed that in PG course the paper titled “Research Methodology” to mention that the fifth unit is for Practical Exam only and No questions to be asked in the end semester Examination. The following changes are incorporated for practical classes which will be conducted on Excel and SPSS. (Basic Concepts, creating a database, charts, coding, descriptive analysis and few statistical tools like chi-square, t-test, correlation, regression, ANOVA and Rank test).
- Dr.P. Anbalagan scrutinised the mapping course outcomes of each course with PSOs and suggested more points could be given for few courses.
- In M.Phil course the paper titled “Health Economics” in unit IV Psychometric Assessment Test and the scaling techniques to be incorporated to enable the students for further research.

BOARD OF STUDIES (2019)
MINUTES OF THE MEETING

Date: 30-08-2019

Timing: 10.00 am

Venue: G1 (Room No.35)

The Board consisted of six members, with Dr. T. Kausalya Kumari, Head, Department of History and TTM as the Chair Person. Dr.J.R.Bhanumathi, Associate Professor and Head, SDNB Vaishnav College, Chennai was the University Representative, while the Subject Experts were Dr. Peer Mohammed, Associate Professor, Nandanam Arts College, Chennai and Dr. Isravel Prabhakaran, Associate Professor, Department of TTM, A.M. Jain College, Chennai. The Industrial Representative to the Board was Mr. M. Kalathy, Curator, Art Section, Department of Museum, Egmore, Chennai and the Alumni Representative was Dr. P.D. Sherline, Assistant Professor, Department of TTM, Anna Adarsh College for Women, Chennai.

The meeting commenced with the welcome address by the Chair person, following which, the revised syllabus, on the Outcome Based Education (OBE) pattern, as prescribed by the National Assessment and Accreditation Council (NAAC) was presented by staff members of the Department.

M.Phil. Programme:

Mrs. A. Indira, Assistant Professor, Department of History and TTM had introduced the revised syllabus for the M,Phil. programme and highlighted the **major changes** carried out in it. After presenting the Programme profile, the derivation of Programme Specific Outcomes (PSOs), Course Outcomes (COs) and the mapping of the same was substantiated. The evaluation pattern for Continuous Assessment and End Semester Examination, along with the grading of students' Knowledge level, based on the course outcome, was also explained to the Members of the Board. The inclusion of Journal sources and e-learning resources for the students' reference were the other points highlighted as added features of the syllabus.

PG Programme:

Dr. Archana Soman, Assistant Professor, Department of History and TTM had presented the revised syllabus for the Post Graduate programme in History. The **major changes** included were the PSOs, COs, mapping of PSOs with COs, rating of the Knowledge Level of students, as an outcome for each paper. The evaluation pattern for Continuous Assessment (CA) and End Semester Examination and the rubrics for CA were explained to the Board, as along with an

insight given on the newly included reference sources such as National and International Journals and e-learning resources. Questions raised by the Board members on the internship for Post Graduate students and on the teaching methodology were thereafter discussed and answered.

UG Programme: B.A. History

Mrs. J.Jayashree, Assistant Professor, Department of History and TTM, had at the outset, explained the importance of B.A. History course and had shedded light on all the important innovative practices of the Department, such as, the students' visit to the Tamil Nadu Secretariat to witness the Assembly in session, participation in Conferences, workshops, seminars outside the campus and so on. Following the presentation on the PSOs, COs, mapping of the course outcomes with the programme specific outcomes, a brief discussion was also held on the different methodologies adopted in the internal evaluation. The rubrics for CA, pattern for end semester examination, updation of the journal sources and the e-learning resources to the syllabus were highlighted thereafter.

UG Programme: B.A. Tourism and Travel Management

Mrs. R. Jasmine Mary, Assistant Professor, Department of History and TTM had given the thematic explanation on the **revision** of syllabus, according to the requirements of the National Assessment and Accreditation Council. Apart from that, the best practices and the innovative teaching methodologies of the Department, such as, the organization of guest lectures, field trips and internships for the Tourism students were specifically highlighted. Questions raised by the Board on the data for Tourism students' internship and placement were also clarified, as along with the explanation given on the relation between History and Tourism.

Recommendations of the Board:

The Board Members were satisfied with the overall presentation of the revised syllabus. The **revision** made in the syllabus for M.Phil. History, M.A. History and B.A. History were well appreciated. However, with regard to the syllabus for B.A. Tourism, Dr. Isravel Prabhakaran had recommended the following:

- inclusion of **Logistics in the curriculum for Tourism in future.**
- signing of MoUs with establishments like Thomas Cook and Cox & Kings.

The Board had also suggested change in single valuation system for the end semester examination.

Minutes of the Board of Studies Meeting held on 29.8.2019
(B.Sc., M.Sc., & M.Phil., Chemistry - CBC System)

The Board of Studies meeting was conducted on 29.8.2019 at 11.30 am in the Department of Chemistry for the candidates admitted during the academic year 2018-2019.

The College council has decided to incorporate the Outcome Based Education (OBE) system in the existing curriculum. Hence the department has decided to carry out the same by framing the Programme educational objectives (PEO), Programme Outcomes (PO), Programme Specific outcomes(PSO) and Course Outcomes (CO) and subsequent mapping is carried out between PSOs and COs.

The Board made a thorough study of the syllabi for the B.Sc. Chemistry Core, Allied Theory and Practical, Non- Major Elective, Major Elective, M.Sc. Chemistry Core Theory and Practical, extra disciplinary Electives, Project, Soft Skills, Self Study and M.Phil., Chemistry offered by the Department of Chemistry along with the incorporations made in terms of OBE and approved the same.

The Board also approved the following changes in the Syllabus

i. In the question paper pattern we have incorporated the six cognitive levels K1 to K6

- UG question paper pattern is oriented towards teaching/learning and testing K1 level to K3 level.
- PG question paper pattern is oriented towards teaching/learning and testing K3 level to K5 level.
- Project papers and research papers are oriented towards K6 level.

ii. In the UG syllabi, a new choice based Elective paper (**Elective - 3 Agricultural Chemistry CH18/6E/ AGC**) was introduced in the sixth semester. Students can opt for either **Agricultural chemistry** or **Material chemistry** in the sixth semester.

iii. Two **self study papers** for the **final year UG student** who have obtained distinction in the first two years of study (without any arrear) have been introduced in the fifth semester. It is optional and will carry 2 extra credits.

Title of the paper	Paper code
1. Polymer chemistry	CH18/5S/POC
2. Food chemistry	CH18/5S/FOC

iv. **Internship** is introduced at the **UG level** at the end of fourth semester and is not mandatory. The student will be given 1 extra credit on successful completion.

S. Kothari
Principal

- ii. In the Unit IV of **Applied chemistry CH18/6C/APC**, agricultural Chemistry unit was replaced by "**cosmetic chemistry**" topic.
- vi. Students can take up **NPTEL/ MOOC courses** for which they are given extra credits.

DEPARTMENT OF PHYSICS

ETHIRAJ COLLEGE FOR WOMEN (AUTONOMOUS), CHENNAI – 600 008

MINUTES OF THE BOARD OF STUDIES MEETING

19.08.2019

UG

The Board of Studies Meeting of the Department of Physics was held on 19.08.2019 at 10.00 a.m. with Dr. A. V. Jhone Verjhula in the chair.

The members of the Board suggested the following ratifications:

1. Whilst a slight variation in the CA pattern conforming with the Outcome Based Education Template (OBE) was observed, the Department of Physics would retain the old template with Section A having 7 questions of 2 marks each, Section B having 2 questions of 8 marks each and Section C having 1 question of 20 marks each, in consultation with the members of the Board.
2. To mention explicitly whether the Journals specified at the end of each paper are National or International as required by the Outcome Based Education Template (OBE).
3. To boost up the Industrial tie up to enhance the provision of more internship opportunities for the students, to cater them to pursue higher studies and JRF Programmes in the respective Industrial Institutes.
4. To include "Introduction to Ceramics" by P. W. Kingery as one of the recommended textbooks in the elective subject Materials Science in the Sixth Semester.
5. An Elective paper "Acoustical Physics" with the Course Code PH18/5E/ACP is introduced in the Fifth Semester as an optional paper to Basic Electronics and Electronic Devices (PH18/5E/EED).
- 5.1. Second Elective paper "Advanced Electronics" with the Course Code PH18/6E/AEL is introduced in the Sixth Semester as an optional paper to Digital Electronics and Microprocessor (PH18/6E/DEM).

S. Kothari

Principal

ETHIRAJ COLLEGE FOR WOMEN
Chennai - 8

6. To include field trips to studios and other relevant places to augment the theoretical understanding of the elective paper Acoustical Physics introduced in the Fifth Semester through practical sessions.
7. To include one more unit with Mechanics concepts in the paper "Mechanics and Mathematical Physics" in the Fifth Semester; while the Classical Mechanics concepts and its applications in the said paper to be incorporated in the paper "Quantum Mechanics and Relativity" offered in the Sixth Semester to observe more relevance in the respective papers. The name of the suggested paper would be "Classical Mechanics Quantum Mechanics and Relativity" with appropriate rearrangement of units in the paper.
8. Ehrenfest's equations were removed from Unit IV of Heat and Thermodynamics in the Second Semester, for the benefit of the understanding of the students.
9. It was suggested by the Board to have one more theory paper in the First and Third Semesters to give more weightage to the Course and to cater to the inculcation of more Physics concepts from the students' perspectives.
10. To specifically mention about the depth of concepts (Qualitative only/ Overview) mentioned in Units II, III and IV in the elective paper "Materials Science" offered in the Sixth Semester to add more clarity to the said units from the perspective of the External Examiners and Question Paper setters.
11. To mention explicitly the different Maxwell's Equations in the paper "Electromagnetism" offered in the Sixth Semester.
12. Self Study papers for Advanced Learners (Students with more than 70% of marks as aggregate) "Medical Physics" with Course Code "PH18/3S/MPH and "Nanoscience and Nanotechnology" with Course Code "PH18/5S/NSN" are introduced in the III and V semesters respectively.

The syllabus for outcome based education was scrutinized and ratified by the board of studies and the following suggestions were given for M.Sc. Physics.

1. It was suggested that MoUs can be signed with hospitals for the Medical Technology elective paper so that the students can get hands on training and certification which will help them in career placement.
2. Industrial/ field visits should be conducted for relevant papers.
3. Feedback on student performance must be collected from the Institutions / Industries / R&D labs where students take up internship.
4. Feedback on the facilities and guidance received from the Institutions / Industries / R&D labs must be collected from the students taking up the internships.
5. Data Bank of the Institutions / Industries / R & D labs where students take up internship must be created by the department.
6. Fundamentals of Nano Graphene topic to be included in Nanoscience and Nanotechnology paper.
7. Course outcomes should highlight the relevance of the pertinent topic in research.
8. The components for evaluation pattern in continuous assessment for project were suggested.

The components are

- Selection of problem and review of Literature
- Periodical reports & evaluation
- Seminar
- Internal viva voce

9. The question paper pattern should specify that section A is EITHER/ OR type choice of questions.
10. Changes for improvement of Programme Specific Outcome were suggested.

10. Ms. K.Sudha Rani (Student Representative)

The syllabi have been changed in CBCS-OBE (pattern) for

1. B. Sc Mathematics (Core , Allied and Elective)
2. B. Sc Physics, Chemistry, B.Com, B.Com (Hons), B.C.A,
B.Sc Computer science, (Allied)
3. B. Sc Mathematics with Computer Applications (Core, Allied and Elective)
4. M. Sc Mathematics (Core, Elective and Soft Skill)
5. M. Phil Mathematics
6. M.Com (Statistics)
7. NME for I Year (Offered to other departments)

The above mentioned syllabi were approved by the Board Members. Suggestions were made and corrections were incorporated.

The programme has been enhanced by comprising Objectives, Course Outcomes, Programme Outcomes and Programme Specific Outcomes. The mapping of Course Outcomes with Programme Specific Outcomes are accomplished for all the Core, Allied, Elective, Soft Skills and NME papers.

The Members of the Board of Studies gave the following suggestions:

For B. Sc Mathematics Course

- In certain papers the course outcomes were modified in accordance with the course objectives.
- Statics Paper can be shifted to Fourth semester and Number theory paper can be shifted to sixth Semester in the next syllabus.
- In Number theory, recommended text can be changed and concept of congruence may be included.
- Application Oriented subjects can be given as self-study paper and also some weightage has to be given to the students who get extra credit by self-study in the form of certificates etc. They suggested Fuzzy theory, Differential Equations, Algebraic coding theory, Automata and Graph theory as self-study papers.
- First few chapters from "Graph Theory" by Bondy and Murty can be recommended for B.Sc.

For B. Sc Mathematics with Computer Applications Course

- In certain papers the course outcomes were modified in accordance with the course objectives.
- RDBMS can be included in Programming in C practical paper.
- Application Oriented subjects can be given as self-study paper and also some weightage has to be given to the students who get extra credit by self-study in the form of certificates etc. They suggested Fuzzy theory, .NET, Differential Equations, Algebraic coding theory, Automata and Graph theory as self-study papers.

For M. Sc Mathematics Course

- Operations Research I and II Papers can be regarded as a single paper, instead paper on Number theory can be introduced.
- Python Programming theory and practical papers can be combined as single paper.
- Research seminar paper as self-study paper can be introduced for M.Sc Course.

The Board resolved to approve the Panel of Examiners for Setting and Evaluating papers for

1. B. Sc Mathematics (Core , Allied and Elective)
2. B. Sc Physics, Chemistry, B.Com , B.Com(Hons), B.C.A and B.Sc Computer Science (Allied)
3. B. Sc Mathematics with Computer Applications (Core, Allied and Elective)
4. M. Sc Mathematics (Core, Elective and Soft Skill)

MINUTES OF THE MEETING –BOARD OF STUDIES

The Board of Studies met at 12.30 pm on 29th August, 2019 in the Department of Microbiology. The Board scrutinized the OBE syllabus pattern and resolved to approve and ratify the syllabi, Programme Specific Outcome (PSO), Course Objective and Course Outcome to be followed for B.Sc. Microbiology, M.Sc. Applied Microbiology and Certificate Course from the year 2018-2019 onwards and M.Phil Microbiology from the year 2020-21 onwards.

The following changes were incorporated in the respective papers after the approval of the members of board of studies.

- All the Course Outcomes (CO) were mapped with Programme Specific Outcomes (PSO).
- Introduction of optional elective papers was done in concurrence with CBCS pattern in UG Programme.
- Option for UG Elective papers in Semester V includes Food Microbiology or Food Processing Technology, Biotechnology or Genetic engineering and in Semester VI Industrial Microbiology or Microbial Fermentation Technology.
- Self Study paper- Forensic Science and Crime Investigation was introduced for advanced learners in UG in the V Semester as recommended by the board. Advanced Learners can undertake a Research Project instead of the Self Study Paper in the V Semester. Two extra credits will be awarded for Self Study Paper/Project to the student.
- The board recommended the continuation of question paper pattern approved in 2018-19 for both UG and PG Programmes. As PG Elective papers (inter-department) are offered to other department students, question paper pattern will be in K1 and K2 level (remembrance, understanding and application level). At PG level in Applied Microbiology, question papers to include K2 level questions also in Section C.
- Internship for 21 working days with 2 credits is mandatory for PG programme.
- The Board suggested that the students (both UG and PG) enroll in online courses like MOOC and Swayam-NPTEL.
- The elective paper offered for M.Phil will be on the research project work of the candidate and valuation will be internal. M.Phil syllabus and question paper pattern was approved and ratified by the board.

The changes in the UG, PG, Certificate course and M.Phil syllabi have been approved and ratified by the Board. The Board has approved and ratified the question paper pattern for UG, PG courses from the year 2018-19 onwards and M.Phil course from 2020-21 onwards.

**MINUTES OF THE BOARD OF STUDIES HELD ON 4.4.2019, AT 2.00 PM IN THE
DEPARTMENT OF PSYCHOLOGY, ETHIRAJ COLLEGE FOR WOMEN**

The following **Changes were proposed and made** for the UG syllabus that was offered to students with effect from June 2018 and was presented to the members of the board of studies.

1. As the Revised Bloom's taxonomy is used for teaching, learning and evaluation under the outcome based education, UG syllabi are framed keeping this in mind.
2. The expected outcome at the end of the programme in B.Sc Psychology has been specified through Programme specific outcomes (PSO). They describe what the student's are expected to know and what they will be able to do at the time of graduation.
3. While course objectives are framed keeping teaching in mind, Course outcomes have been framed keeping what the student will acquire student in mind. Course outcomes are written for each unit, which specify the knowledge and skills the student is expected to acquire and demonstrate as a result of learning that particular course.
4. The course outcomes are matched to programme specific outcomes and rated on a scale of 0-3.
5. A minimum of 2 Recommended Textbooks and up to 5 Reference books have been added and few updated.
6. Each Course is supplemented with E-learning resources that cover significant portions of each unit in each course.
7. Open access journals have been provided for additional reference.
8. Teaching methodology is specified for each course.
9. UG question paper pattern is oriented towards testing Knowledge levels 1 to 3.
Knowledge Level 1 : Recall
Knowledge Level 2 : Understanding
Knowledge Level 3 : Application
Knowledge Level 4 : Analysis
Knowledge Level 5 : Evaluation
Knowledge Level 6 : Creation

ETHIRAJ COLLEGE FOR WOMEN
Chennai - 8

10. The question paper pattern for CA, Part IV and End semester remains unchanged. Section B to have at least one question from every unit. Section C not to have more than one question from the same unit. Since K1 Levels are specified in Part A and Part B and K2 levels are specified in Part B & C and K3 levels are specified in Part C, the board suggested that 40% of questions may be assigned to K1 and K2 levels each and 20% for K3 levels.
11. For **statistics paper**, it was decided that Section B must have minimum 2 problems and Section C to have minimum of 1 problem.
12. **Self study paper on positive psychology** has been introduced for advanced learners (With students above 70%). It was suggested that students who choose self study paper may be given a choice to opt out of it before taking the examination, in the event of not being able to cope with it as there will not be any teacher instructions for this course.
13. On completion of IV semester during the vacation, students can be encouraged to take **internships for extra credit**. Internships to be for a minimum of 14 days excluding holidays. Internship diaries/log books to be signed by faculty and trainer to be maintained. Certificates must be obtained. Internship reports to be submitted to the department in the subsequent semester.
14. The board suggested that students can be encouraged to take up **NPTEL/MOOC** Courses for extra **optional** credits. A faculty may be made in charge to mentor the students regarding dates of registration, domain related courses and dates of examination.
15. **Abnormal Psychology I** Unit: 2 Covering Causal Factors and Viewpoints was removed, as this will be significantly covered in each chapter individually under each disorder.
16. In **Abnormal Psychology II**, the chapter on sexual dysfunctions was moved to Abnormal Psychology I. The chapter on childhood disorders was divided comprising of Unit: 4 Disorders of childhood and adolescence and Unit: 5 Neuro-developmental Disorders to facilitate case studies on children with special needs.
17. In **Health Psychology**, Social Cognitive theory has been added to chapter II. In Unit V, the portion on palliative care has been removed and theories and assessment of pain are added.
18. In **Counselling Psychology**, Unit V crisis theory and Intervention ~~has been removed~~ and other units are split and re-organised to be more generic.

MCA DEPARTMENT

BOARD OF STUDIES (OBE) – 30 AUG 2019

REVISIONS INCORPORATED IN THE OBE SYLLABUS

Board members have been gone through the regulations and OBE requisites like CO-PSO mapping, Self-study paper and value added courses and the particulars are listed below:

Board scrutinizes the Programme Educational Objectives (PEO), Program Outcomes(PO), Programme Specific Outcomes (PSO) and Course Outcomes (CO) and the mapping of CO with PSO

The following revisions are made in the curriculum

- In Sem – V, the paper “Open Source Systems”, is recommended to change with “Machine Learning” to cope-up with current industry needs.
- In Sem – V, In the paper “Artificial Intelligence”, is recommended to have the concepts related to “Deep Learning” in Unit - V.
- Regarding self-study paper, it is suggested that the students have to take up a self study paper from any NPTEL/SWAYAM/MOOC courses in the V Semester to attain an extra 2 credits subject to the approval from the Departmental Committee comprising of 3 senior faculty members (additional weight to CV and extra credit).
- As a general suggestion, it is recommended to have case studies, simulation tools in Unit-V for all core and elective papers. Also, recent edition text and reference books were suggested for all core courses.
